由古代之術理演化到今天。都已成一種專門學識。而一般有興趣學習術數的人士。可通過一種學理化形式進行學習。達至趨吉避凶。事事順利。

Chinese face reading and Feng Shui falls in the category of ancient Chinese fortune telling skills. These were commonly used by the royals and noble classes in ancient Chinese society. It made a connection between the people and the environment that they are living in.

Face reading is prospective and can show auspicious or on the other hand inauspiciousness in advance, so we can make use of Feng Shui cures and enhancement to deal with clutters. Ancient Chinese fortune telling skills have a few thousand years of history and it has evolved into a professional expertise today. Everyone can learn from systematic teaching in order to improve your personal life and the house that you are living in.

First Part (12 lessons)

- Introduction to popular Feng Shui flying stars skills. Use a Feng Shui compass to measure the precise direction of the house and calculate the location of good and unlucky stars inside the premises in order to establish good energy (Qi).
- Including 1 lesson of a practical class to experience how to take the actual measurements and come up with a flying star chart.

Second Part (8 lessons)

- ❖ Introduction of ancient Chinese face reading skills. Using 'bagua map' map to analysis the referring part of the face for the current year.
- ❖ Each part of our face has a special meaning and reflection on our personal life. We can foresee or tell the family, friends and even career relationships by knowing how to read the specific parts.
